VIENNA-I hope that the Vienna to Berlin road is very clear.

NAPLES(Fleet Edatrs)-The French Forces have routed the Italian Defenders and now the Austro-Hungarians have arrived-All is well in Italy.

KHARKOV(HURT)-Speaking from the steps of the newly erected Mosque of the only true faith, General ULL an Quat expressed the grave concern that the recent statements of the Reichskommand has aroused in the hearts of the Islamic people. "Surely the German people can find no common cause with the lower forces of life which infest Central Europe." He also noted that any German attempt to provide alternate sources of support for Army group North would result in an immediate English Victory, no matter what the cost. "I will personally lead the assault on Moscow. Allah will not fail us".

PARIS: The time is long over do for the destruction of the sniveling swine of Germany. For too long the Germans have insulted the great Austrian empire. EAT LEAD'EN DEATH MOTHER JUMPER. Let it also be known that the Austrian Empire offers a hand of Friendship to the English, that is has known for centuries of trust. DIE²GERMANY, DIE!!!!

France Builds one (Paris Only) Austria Builds one (Budapest Only) England must remove one. Germany Gained Sweden but lost Belgium stays even along with the Rest. If you are so inclined you may submit the Spring moves along with the Winter builds taking in consideration that Austria will most likely retreat to Galacia or Serbia and build in Budapest.

BRESLAU(PVET) The Reich information agency today released the text of a Vatican Interchurch communique intercepted by German patrols outside Bucharest; "The lower organs of the church must strive ceaselessly to penetrate the backward parts of the Hierarchy." Official sources denied that this constitutes significant new information. "It's only to be expected that they should follow the example of thier leader. PARIS.—The French Government has ordered an investigation into the charges that the English have developed a fiendish weapon that violates all the conventions of war. Rumors tell of a device called the "Poetry's Pen" that is able to freeze the hearts of heroes and leadon men causing them to fall in thier tracks. Supposedly developed by that arch fiend Count Poetry the weapon is rumored to be in production in the Count's vile basement. (Note a basement) Should the rumors prove to be true, the French Government is prepared to make a plea to civilized Europe and peoples everywhere to join in crusade to eradicate Peerist England and its devil-weapon.

NOTE-The German retreat to Gascony was not possible since Gascony was cut off as a possible area by Germany's ordering Brest and Burgundy to Gascony. I then assigned Paris as the retreating area, and since this still would not affect the move of Spain to Gascony, I went ahead with the Spring moves without benefit of Notification to the players involved.

THE VATICAN(APE): The Pope is shocked by the blasphemous proclamation of the sacrilegious tyrant of the steppes. There can be no doubt in any mind that Harry the Pretender would provide haven for the Antichrist himself if given the opportunity. Surely no other interpretation can be put on his attempt to reinstate Hal Nausty-personal agent of the dark one (For that I am quitting the Knights of Columbus) Until the Black enigma of W'05 is explained any such action is most irreligious of impieties.

CHULA VISTA(NUTS)-Again I will explain what happened during Winter 1905. The orders from Germany was received, It was on a postcard.. During the shuffle in transpiring all the orders together, I overlooked the card, it wasn't until I had run off all the copies that I came across the card, I had noted on the magazines the change, somehow I overlooked your's-the blame is mine. but it is also too late to make any adjustments, as for your other two questions the answer is still no, I rule strictly by the rule book, with only the accepted interpretations being used. (When I say accepted that is by a majority of the Diplomacy magazines.).
